

## Translucent colors shingles

A green generation caring for environment

Adding new ecological solutions to its line of Eastern White Cedar shingles, Atlantic keeps setting high standards in the industry. With the introduction of our new water based solutions, we continue to lead the way with environmentally friendly products.

Environmentally Friendly

Kiln-dried (KD)

Waterbased

Resquared & Rebutted

Weatherproof

In collaboration with Carver, the world manufacturing leader in paints and dyes, Atlantic offers its customers a selection of shingles (FSC® certified) dyed in a variety of popular colors and an unlimited range of custom colors of superior quality.

**Available with two coats**, our kiln-dried and factory-stained shingles are processed using a method of soaking that ensures uniform absorption and a durable finish. Translucent colors shingles come with a 5 + 5 years warranty (see [www.atlantichort.com](http://www.atlantichort.com) for more details).

Cedar shingles treated with our water-based translucent paint also offer enhanced performance that exceeds that of shingles protected with an oil based product in terms of resistance to moisture, peeling, cracking and stippling. The waterproofing will improve the cleanliness, stability and durability of the shingles.

CARVER is the first Italian member of the National Wood Flooring Association, the most important association of parquet floor layers in the U.S.A.

## Technical Specifications

## Translucent colors

### Shingle dimensions

Butt thickness: 3/8" (9.5mm)  
 Width: 3 1/2" (89mm) to 11" (279mm)  
 Length: 16" (406mm)

### Packaging

Packaging type: Box  
 Box dimensions: 20 1/4" x 16 1/2" x 10 1/4"  
 (514mm x 419mm x 260mm)  
 Box weight: 28 lbs  
 Box qty per pallet/truck space: 40  
 Truck space dimensions: 88" x 42" x 42"  
 (223.5cm x 107cm x 107cm)  
 Truck space weight: 1400 lbs

### Characteristics

Water based   
 Kiln-dried  
 Resquared and Rebutted (R&R)  
 Excellent UV protection  
 Translucent colors (Atlantic 2 coats)  
 < 75 VOC (3.5 time less than lead allowed standard).

### Warranty

5 + 5 years for **Atlantic 2 coats**  
 50 Years on wood decay
